WATER SOFTENER

SIMPLI

The Best

Simpli is a new compact water softener dedicated for family houses. Its installation and maintenance is very easy.

- attractive price
- service support
- high ion-exchange capacity

- modern automatic time/volume head
- intuitive display
- quiet and fast head operation
- keeps constantly the controller's settings
- adjusts water hardness with a mixer
- control plate protection against corrosion

- slim and durable housing
- large salt hole

- bypass and mixer included
- intelligible users manual

reduces water hardness

devices protection against scale

increased efficiency of chemicals

extended service life of household appliances

TECHNICAL DATA

Symbol	WS-20-ASD2-SIMPLI
Type	Kompakt
Maximum flow	1,7 m³/h
Nominal flow	1,2 m³/h
Resin volume	20 l
Exchange capacity	57° dH x m³
Average water consumption for regeneration	130 l
Average salt consumption for regeneration	3 kg
Dimensions (W/D/H)	31 / 50 / 110 cm
Tank dimensions (OD/H)	8" / 35"
Weight	34,5 kg
Working pressure	3 – 5.5 bar
Working temperature	4 – 30 (°C)
Power supply, voltage	AC 220 - 240 V; 12 V (1500 mA)
Power consumption	8 W (nur während der Regeneration)
Connection	3/4"

* depends on water hardness

Compact softeners are certified by NHI (National Institute of Hygiene). The certificate allows the device to come into contact with drinking water.
